

The Management Team of BSC Diecasting & Finishing Ltd regards the promotion and preservation of the environment as a mutual objective for Management and employees at all levels.

We are fully committed to protecting and continually improving the quality of our working and surrounding local environments, and are committed to working pro-actively with, and communicating this policy to our employees, customers, sub-contractors and all other external influences to achieve a safer, cleaner, healthier and sustainable environment, which will meet present and future needs and regulatory requirements.

The objectives of this policy are to:

- Reduce the production of waste and encourage wherever possible it's re-use or re-cycling.
- Encouraging greater staff involvement through energy awareness training and the understanding of environmental issues and continual environmental improvements.
- Encouragement of staff to become more aware, efficient and sustainable in their use and the preservation of energy.
- Evaluate environmental impacts when considering new products, plant, vehicles, equipment, buildings and processes.
- Prevent pollution and nuisance.
- Manage the correct safe and effective disposal of waste materials through approved agencies.

BSC Diecasting & Finishing Ltd will comply with environmental laws, legislation, regulations, and other requirements relevant to our business and will monitor our office administration, production, warehousing and transport processes to ensure that the company's operations are effectively managed and controlled.

This policy will be communicated to all staff and any necessary external interested parties i.e. sub-contractors that may be working on our behalf. It will be made available to the public upon request.

The Management Team will formulate environmental improvement objectives at least annually, during management reviews and will ensure the routine monitoring, measurement, performance and continual improvement plus compatibility with the context and strategic direction of the organisation.
